Internship Agency _______________________  

Supervisor ______________________________

Please evaluate the student on the following criteria. Additional feedback, using behavior examples, would be especially helpful. Please write this feedback where it provides room for comments under each type of behavior evaluated. Also, please indicate if you feel you cannot rate any behavior and why this is so. Your ratings will be used to determine the student’s grade on the experiential component of his/her internship. This form should be considered an “open evaluation” and should be shared with the student. You and the student should both sign the form indicating that the form has been reviewed together. We will also go over this evaluation with the student at their request. Thank you for your feedback and your willingness to supervise our students.
