The William B. Webber Scholarship Fund Application

Name: _____ ID#: _____

Campus Box: _____ Local Telephone Number: _____

Major: _____ 2006-2007 Year in College: _____

Each Webber Scholar will be required to design three one-hour presentations, demonstrations, and/or experiments to be presented to a fifth grade class at a local school. Please comment on why it is important for young children to be exposed to female role models, particularly in the field of science. Also comment on why you think it is important to share science with young children. Limit your response to 150 to 250 words. (Do NOT give specific lesson plans in your essay.) You may attach a separate piece of paper if necessary.

I give Willamette University permission to release my information contained within this application and my academic record at Willamette University to the faculty of the departments of Biology, Chemistry, Environmental Science and Physics.
