Preferred Provider Plan Network

We do everything we can to ensure that the information in our on-line provider directory is as up-to-date as possible. It is usually at least as current as the printed directory you might have been given when you enrolled. But please, call the provider's office to confirm any information you find here. Doctors retire. Offices move. And even though most of the doctors in Oregon are in a Regence BCBSO network, some are no longer taking new patients unless you were already an existing patient under a different health plan.
