

preparing to study abroad

What is up with culture?

www.uop.edu/sis/culture/

Understanding a new culture doesn't come naturally! This interactive site will teach you how to learn about and absorb culture while studying abroad. There are quizzes to help you understand your own culture, and stories about cultural miss steps and how they were overcome.

Please read all of Module 1 and complete the interactive portions. Please turn in your answers to the following sections: 1.3.1, 1.3.4, 1.4.1, 1.4.6 (just your scores, not each answer), 1.5.4 (simply indicate the numbers you selected for each characteristic), and 1.6.4 (just your score). Although you only need to complete certain sections please read through the entire Module. Turn in the answers to Stacy (swest@willamette.edu) by the due date noted in the syllabus.

Dr. Bruce La Brack, Professor of Anthropology and International Studies at School for International Studies, is the primary author and editor of *What's Up With Culture?* See the full acknowledgements. http://www.pacific.edu/sis/culture/pub/CULTURE_ISSUES_2hw1.htm
