# Ryan M. Link-Cole

---

## Objective:

A full time teaching position at the high school or middle school levels teaching chemistry physics, and/or other science courses after my student teaching experience.

## Authorizations:

High school and middle school

## Endorsements:

Chemistry, Physics and Integrated Science

## Additional Training:

Salem-Keizer District In-Service – Teaching Reading in Science 2010-2011

Presentation by McREL

CYOP training, Fall 2010 during school in-service at Crossler Middle School

## Education Experience:

South Salem High School

February 2011 – Present

Student Teacher

- Currently teaching two periods of pre-IB Chemistry and one period of Physics for my student teaching experience
- Crossler Middle School

October 2011 – November 2011

Student Teacher

- Taught one period of sixth grade science for one unit for my practicum teaching experience

## Work Experience:

Marker Gene Technologies

August 2009 – August 2010

Head of Chemistry

- Gram scale manufacturing of dyes and dye conjugates for biological and DNA staining
- Novel dye development to meet known and anticipated customer need
- Customer contact including, but not limited to, project updates, business development, and technical support

Synthetech, Inc.

September 1998 – May 2009

Research and Development

Team Leader

February 2008 – May 2009

- Conducted applied research toward targeted product classes
- Project management including updates to marketing, coordinating the ordering of raw materials, and insuring scheduling for manufacturing time
- Managed 2-3 chemists and led targeted, short term project teams
- Responsible for the training of newly hired chemists
- Supervised and taught interns from the Chemical Engineering department at Oregon State University and from the Master's Industrial Internship Program at the University of Oregon

Chemist III

September 2006 – February 2008

Chemist II

January 2001 – September 2006

Chemist I

September 1998 – January 2001

**Education:**

<i>Willamette University</i> Masters of Teaching (pending)	August 2010 – present
<i>Oregon State University</i> Masters of Science in Organic Chemistry	September 2003 – June 2006
<i>University of Oregon</i> Bachelors of Science in Chemistry	September 1995 – June 1998
<i>The Colorado College</i>	September 1994 – June 1995

**Additional Experience and Awards:**

- Member of the University of Oregon Track and Field Team 1995-1998
- Member of the Boy Scouts of America and earned the rank of Eagle Scout 1986-1993
