CONTRACTS II SYLLABUS AND CLASS INFORMATION

COURSE DESCRIPTION / OBJECTIVE

This course meets for three credit hours in the spring semester. During this time, we will study the fundamental principles of contract law, as well as explore the intersection of legal theory and practice. We will focus our studies on the common law and Article 2 of the Uniform Commercial Code. This course builds on the knowledge you acquired in Contracts I.

MATERIALS

This course meets for three credit hours. The required texts for this course are

- Corresponding supplement or “appendix” to the textbook with selections from Article 2 of the Uniform Commercial Code (“UCC”), the Restatements of Contracts, and other materials. Any edition of this supplement will suffice.

CLASS ATTENDANCE

Class attendance is required for this course. I will be taking attendance by circulating an attendance sheet during class. In accordance with the Law School’s accreditation requirements, if you miss more than 25% of the scheduled class meetings you will not receive credit for the course.

CLASS PARTICIPATION

I expect that each student will be prepared for each class. I intend to call on students to discuss the assigned materials. If you are not prepared and are called on, your lack of preparation will be noted and, if this happens often enough, your final grade (which is otherwise determined entirely by your final exam) may be affected. Internet access during class is prohibited.

EXAMINATION & GRADING

Your grade for this course will be based on a three-hour final examination, as well as class participation if necessary (see above). Although I reserve the right to modify the form and content of the exam without notice, it will most likely consist of multiple-choice questions and an essay question. You may bring into the exam room your textbook, supplement, any notes that you may have and any other commercial supplement or printed resource you desire. Laptops
may be used for exams insofar as WUCL rules and procedures are followed, including use of the appropriate software. This software is designed to block access to other programs, so if you intend to refer to your own outline or any other computer source, you must print it out ahead of time. Exams may also be written by hand.

OFFICE HOURS

My official office hours are Thursday 1:30pm-3:00pm. I am available other times by appointment.

CLASS ASSIGNMENTS

Each assignment and date is subject to change by prior notice given in class. At times we may slow down on particular topics, and at times we may add problems or cases to give us extra practice in an area. You should see these assignments and dates as merely a rough approximation to be clarified in class at the appropriate time. If ever unclear where we are, please do not hesitate to ask at the end of class.
